

Occupational Medicine Services

As a workplace care facility staffed by a team of well-trained physicians, nurses and support personnel, Doctors Care is equipped to manage all manner of occupational health issues.

PROTECTING YOUR MOST VALUABLE RESOURCES

We provide a full menu of routine occupational medicine services — in both on-site and off-site models — including pre-employment physicals, respirator clearance physicals, drug and alcohol screens, on-site diagnostic and flu services, work-related injury care and return to work programs, vaccinations and hepatitis B shots.

We can also assist your company with the increasingly complex Department of Transportation (DOT) rules and regulations, including the required physical examinations and drug testing necessary for certification of motor carriers.

Above all, we are committed to providing your employees with compassionate care of the highest quality and to enabling them to return to work as soon as possible. *Doctors Care currently provides occupational medicine services to more than 2,500 employers in South Carolina.*

Maximize your cost savings with on-site services

When our Occupational Medicine Services are integrated with our on-site medical center model, employers realize significant cost savings and increases in productivity.

Figure 1 Direct Cost

EXAMPLE

Number of employees (with annual physical requirements) 1,000

Direct Cost Savings (per employee) *estimated retail market average*

DOT	\$75
Breath alcohol	\$35
Drug screen	\$45
Direct cost of annual DOT compliance	\$155 with off-site services
Doctors Care volume discounting	\$105 sample scenario on-site services
Direct Savings	\$50 with Doctors Care on-site services

Figure 2 Productivity Cost

EXAMPLE

Productivity Cost Savings

Hourly wage, loaded with benefits	\$20
Visit to doctor for Occ Med physical	3.0 round trip hours
Cost of non-productive time	\$60,000
Time for on-site visit	0.5 round trip hours
Cost of on-site time for employees	\$10,000
Savings on productivity	\$50,000
Per employee savings	\$50
Savings percentage target for employers	83%

Doctors Care

Your Workplace Medical Center

Doctors Care opened in 1981 as the first minor emergency medical center in Columbia, SC, offering urgent and primary care services with flexible evening and weekend hours. Today we are a multi-state network with nearly 50 offices providing health care services to meet our patients' needs in a timely and convenient manner.

Doctors Care is staffed by experienced, dedicated and compassionate medical professionals. From the start, we have focused on delivering exceptional care, with an uncompromising commitment to the health and wellness of our patients.

As our services have expanded over the years, our team has grown to include 1,100 dedicated health care professionals, with over 200 highly skilled clinicians focused on primary care, urgent care, occupational medicine and employee wellness. Doctors Care averages 790,000 patient encounters per year, and serves more than 2,500 employers in the state with Occupational Medicine services.

All Doctors Care facilities have achieved the prestigious designation of Certified Urgent Care Clinics, placing them among only a fraction of such facilities in the nation to be recognized for the range and quality of services offered.
